FOR AN EXHILARATING MENTAL PICK-ME-UP READ

By ELEANOR HALLOWELL ABBOTT Author of "Molly Make-Believe," etc.

The New York Sun says:- "It is so emotional that it intoxicated us slightly. . . . We thrill as she shakes up her words like in-gredients in a cocktail mixer . . . and the most surprising things happen with engaging rapidity. And every little while some one says something so clever or funny that if it were in a book by Henry James it would be quoted in the best circles. Very seriously, any one who declines to examine Miss Abbott's tales, if only to find out the secret of her great popularity, is making a grave mistake." \$1.50 not at any E. P.
